### **Our Complaints Process**

- If we cannot resolve the issue within this timeframe, we will explain why and discuss the next steps with you.
- Where appropriate, the complaint may move immediately to Stage 2 if a more detailed investigation is required.

## Stage 2 – Investigation

Stage 2 applies where:

- A complaint has not been resolved at Stage 1.
- The matter is complex.
- A detailed investigation is required.
- There are allegations of incorrect advice, service failures or professional negligence.
- Penalties, interest or additional liabilities may have arisen as a result of Caroola's actions or omissions.
- A repeat complaint is received.

Stage 2 complaints will be handled by a Senior Accountant or another suitably experienced member of management who has not been directly involved in the matter where possible.

As part of the investigation, we may:

- Review communications and records.
- Review advice previously provided.
- Assess internal procedures and systems.
- Request additional information from you.
- Consult relevant members of staff.

We will:

- Acknowledge the complaint within three working days.
- Discuss the concerns with you where appropriate.
- Provide a full response within 5 working days wherever possible.

If additional time is required due to the complexity of the investigation, we will explain the reasons and agree an updated timescale with you.

## **If You Remain Dissatisfied**

If you remain dissatisfied following our investigation, you may request that the matter be escalated for further review.

Depending on the nature and complexity of the complaint, this review may be conducted by:

- A Team Manager;
- A Senior Team Manager; or
- An appropriate member of the Senior Leadership Team.

We are committed to reviewing complaints fairly, transparently and professionally. We will ensure that every complaint is considered objectively and that the reasons for our decision are clearly explained.
